

York Hospital recently received a \$27,500 donation from the Women's Committee, a dedicated group of local women who have been raising funds for the hospital for 78 years. The Committee holds an annual fundraising event with dinner at the home of one of its members and an evening of theater entertainment at the Ogunquit Playhouse. This year's event was held at the home of Admiral & Mrs. George E.R. Kinnear II of York Harbor. Approximately 150 people attended the event.

Proceeds from this year's event will help fund the purchase of a SonoSite Ultrasound machine. This advanced tool will allow anesthesiologist to "see" nerves with pinpoint precision, easing post-operative discomfort for patients, and ultimately offering greater comfort and mobility after surgery.

"The Women's Committee is one of the most dedicated groups I have ever seen," said Jud Knox, Hospital President. "They have raised money for a variety of services year after year, and their many contributions have touched the lives of thousands who have received care from York Hospital. We are deeply grateful and indebted to this terrific committee."
